Maritime Capabilities

MARITIME ASSET SUPPORT

- Maritime Security Cutter Large 418' (WMSL)
- High Endurance Cutter 378' (WHEC)
- Medium Endurance Cutter 282' (WMEC)
- C-130H, H-60, H-65 ~ (Aviation)
- Fast Response Cutter 154' (FRC)
- Icebreaker 399' (WAGB)
- Heavy Icebreaker Heavy 420' (WAGB)
- Response Boat-Medium 45' (RB-M)

COMPANY HIGHLIGHTS

- SBA-certified 8(a) SDB
- Locations in 14 states
- OCONUS: Afghanistan, Iraq, Germany, Kuwait, and United Arab Emirates
- Top Secret Facility Clearance

CORE COMPETENCIES

- Systems Engineering
- Logistics & Maintenance
- Cyber Security
- Software Development
- Infrastructure, NETOPS, Service Desk
- PMO Support & Strategic Communications

COMMITMENT TO QUALITY

- CMMI® Maturity Level 3 – DEV
- ISO 9001:2015 QMS
- ISO 20000-1:2011 IT Service Mgt.
- ISO 27001:2013 Info. Security Mgt.
- PMP Certified Project Managers
- ITIL Certified Staff
- Agile Center of Excellence

BROAD CUSTOMER BASE

- DoD: OSD, US Navy, US Army, USAF
- DHS: HQs, USCG, FEMA, ICE, CBP
- Department of State
- NASA

PROGRAM MANAGEMENT

Our extensive experience supporting a variety of Government agencies in classified and unclassified environments demonstrates our ability to minimize performance risk for our customers.

- **Program Management and Engineering Services** to support USCG command, control, communications, computer, and information technology (C4IT) equipment and system installation, and Surface & Aviation asset acquisition.
- **Structural Engineering and Acquisition Services** to execute USCG Structural Enhancement Dry-dock Availability (SEDA)
- **Field Unit and Surface Asset Integration** in support of USCG Surface Forces Logistics Center (SFLC) Business Operations Division
- **Engineering Support Services** for Long Range Enforcer Product line (LREPL) Time Compliance Technical Orders
- **Maintenance Support Services** in the SFLC Ice Breaker, Buoy and Construction Tender Product Line (IBCTPL)
- **Additional Services:**
  - Integrated Logistics Support Services
  - Technical Data Support Services
  - Enterprise Data Center Operations and Facilities Support
  - Munitions Research, Resource Analysis, Technical and Analytical Support

ENGINEERING AND TECHNOLOGY

Our operational support involves full spectrum systems engineering expertise (analysis of alternatives through test and integration) to enhance agency mission support applications and information security in a variety of capacities.

- **Engineering Services** for combat systems, air systems, C4ISR systems, infrastructure and facilities, and testing support of Hull, Mechanical, and Electric (HM&E) and command, control, communications, computer, intelligence, reconnaissance, and surveillance (C4ISR) systems
- **HM&E Logistical Support** for USCG Medium Endurance Cutter 282' (WMEC)
- **Construction, Design, Development, and Information Technology Support** for USCG Response Boat-Medium 45' (RB-M)
- **Systems Engineering, and Cost Analysis Functions** to support aircraft acquisition and upgrades
- **Additional Services:**
  - C4ISR System Architecture Support Services
  - Naval Architecture and Systems Engineering Support
  - Sustainment and Maintenance
  - Analysis of Alternatives
  - Test inspection and Quality Assurance
