ZANTECH

US Army Program Management Support Services (PMSS3)
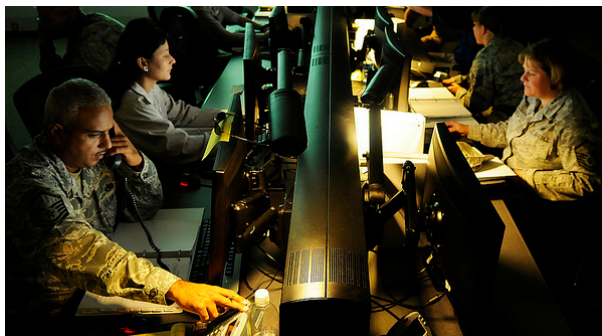

W52P1J14D0034

Prime Contract

ZANTECH

Recognized by Inc. magazine as one of the *fastest growing Government services companies* for the past four years, Zantech was ranked #27 on the Washington Technology FAST 50 list for 2015 with a growth rate of 74% over last year. Zantech's Quality Management System (QMS) is *International Organization for Standardization (ISO) 9001:2015 registered*, its project management and software engineering lifecycle processes are *Capability Maturity Model Integration (CMMI®) Maturity Level 3 assessed*, its IT service management processes are *ISO/IEC 20000-1:2011 registered*, and its information security management processes are ISO 27001:2013 registered. Zantech's ISO/IEC 20000-1 and ISO 27001 registered processes are fully aligned with the *Information Technology Infrastructure Library (ITIL) framework*. Zantech has the financial resources, corporate infrastructure, and business systems to successfully support the Army's PMSS3 customers.

TEAM ZANTECH PMSS3

Team Zantech possesses extensive corporate capabilities, significant depth and breadth of skilled personnel, and proven management processes certified in accordance with industry best practices. This combination of capabilities, resources, and management processes places Team Zantech in a strong position to respond to PMSS3 TOs. We recognize the changing mission of PEO EIS to meet technical and operational challenges and stand ready as a trusted partner to meet requirements. Our PMSS3 Program Manager is supported by recruiters and technical staff to quickly address any challenges. We have a PMSS3 PMO to manage concurrent TOs, track metrics, and effectively control performance.

Abacus has 15 years of U.S. Army project experience at Forts Carson, Hood, Leavenworth, Meade, Myer, and Sam Houston

aXseum provides technical solutions to Government and commercial clients including 90 U.S. Army locations worldwide

Binary Group, Inc., a PMSS2 prime, provides extensive experience in supporting current PEO EIS and CIO G-6 programs

Blackwatch International provides program management support, enterprise architecture, and integrated logistics support services to the U.S. Army

CGI provides world-Class information technology, ERP, systems engineering, and communications support to DoD war fighting missions

CRGT is a full-service systems integrator providing high-performance IT solutions to Federal agencies; specifically, CRGT has supported PEO EIS on the AKO project for 12+ years

DSA has 45 years of DoD experience providing the U.S. Army programmatic, technical, and command control mission support

EM&I provides business strategy, enterprise architecture, program/project management, and solution management to DoD customers

Earth Resources Technology integrates full-spectrum science and technology solutions for Federal and State Government organizations

iNovate Solutions provides PEO EIS with solutions in business process design and improvement, ERP, enterprise data management and business intelligence

KBRwyle provides a broad spectrum of experience in systems engineering, program and acquisition management, and information technology to DoD and DHS customers

M&M provides program management support services for PEO EIS, PEO STRI, Ft Belvoir, and to HQ AMC

MicroTech provides technology integration, software, hardware, Telecom and cloud solutions to DoD and Federal Civilian customers

Savvee Consulting provides professional IT governance, program management, engineering, and IT services to DoD and DHS customers

Delivering the right resource at the right time and in the right place.

Team Zantech's corporate experience encompasses many contracts supporting program management support services. Our experience supporting Government agencies in classified and unclassified environments demonstrates our ability to minimize performance risk for Army PMSS3 customers.

Team Zantech offers industry best practices and performance management to consistently deliver high-quality services. Multiple members of Team Zantech (1) possess current certifications in *ISO 9001:2015, ISO/IEC 20000-1:2011, and ISO 27001:2013;* (2) are appraised at *SEI CMMI® Level 3*; and (3) retain personnel with *ITIL and PMI certifications*. Our Team is well qualified to provide the full range of functional support to PMSS3 customers. The team has more than 7,500 personnel with skills and qualifications that span the full range of support services across all 9 functional areas. Our personnel can be assigned to TOs of a long or short duration to meet PMSS3 requirements. For short duration assignments, this resource base provides extensive reach back capability to provide high-quality technical and consulting services.

Zantech, as the prime contractor, with its broad OCONUS experience, as well as other team members, has the ability to support the PEO EIS mission goals in the U.S. and around the world. We are experienced with the processes that prepare individuals for deployment and can ensure a rapid response to worldwide requirements in support of contingencies, deployments, exercises, and other emergencies. **Team Zantech has more than 125 offices in 16 countries around the world.** Our OCONUS support includes deploying personnel to Afghanistan (combat zone) on short notice.
